SUPPLEMENT TO  
REPORT NO.

The Choushan invasion is imminent. Observers state that the balance of forces is numerically in favor of the Communists and that the Communists are considerably superior in heavy artillery and invasion craft which are cleverly camouflaged in coastal staging areas. Craft which have been reported to the Chinese Nationalist Air Force by Nationalist intelligence as being in certain areas cannot be seen from the air.

This document is hereby regraded to **CONFIDENTIAL** in accordance with the letter of 16 October 1978 from the Director of Central Intelligence to the Archivist of the United States.
